REPORT

ON

COLLECTION DRIVE

Organized by: Arihant School of Pharmacy & BRI, Adalaj

Hosted by: Arihant School of Pharmacy & BRI, Adalaj

Date: 30-01-2020

Arihant School of Pharmacy and BRI was conducted collection drive on 30th January, 2020 for under privileged people. Students of B.Pharm & M.Pharm collected unused clothes, footwear, toys etc. When people outgrow the toys, clothes and footwear in most households they end up in trash. Arihant school of Pharmacy and BRI took the unique initiative to encourage the students to identify their clothes, footwear and toys, which were not being used but were in good condition. Over a period of one week, student volunteers spoke to the students about the importance of contributing to this drive and encouraged all to go back home and sieve through their treasure boxes to identify the things they would love to share with another person who is not so privileged. The hard work yielded good result. The college collected huge number of clothes, footwear and toys. Student volunteers worked diligently over a span of one week to segregate the belongings pack them into boxes and label them for easy identification and distribution. While packing these things for distribution the joy of new packs were sometime marred by the frustration of some broken discarded toys also being contributed. A learning experience for the student volunteers who sharpened their management skills and in the process imbibed human values of empathy and understanding.

These toys and footwear which were mostly forgotten in the privileged homes, our students brightened up the faces of those little children who never dreamed of owning a toy. The twinkling eyes and broad smiles which the toys gifted will remain a cherished memory for all involved.

Arihant School of Pharmacy & BRI, Adalaj, Gandhinagar Pharmacy Week Celebration (23rd to 27th September, 2019)

DAY-1

(One student-One Plant-Go Green on 23/09/19-Monday)
